

Why do we need
the
group?

to hold

to discuss

to find the right
places

to be a guideline

to find

to try out

to overview

to be too many cooks
to spoil the broth

to fill in where
needed

to be a work process

to see what comes

to mention inbetween

to give and take

to move faster

to cut off what is
necessary

to stop to learn from
each other

to get seen as a part

to wait in turn

to make shit and take
it away

to follow a system

to rethink

to get to know each
other

to position

to take your time

to meet

to rest

to smooth the
character

to place it

to step over

to balance

to wait for
instructions

to let it go

to be equal

to be strong

to get it down

to keep on going
